Our Materials

• TIMELINE

**Exclusive Partnership
with Kronospan 2025**

Egypt Wood became the exclusive partner of German company Kronospan in Egypt, delivering premium wood products and innovative solutions to the market.

**Exclusive Partnership
with Alvic 2024**

Egypt Wood became the exclusive agent for Spanish company Alvic in Egypt, further enhancing its market position and expanding its product portfolio with distinguished offerings.

**Entry into the
Accessories Sector 2023**

Established a partnership with Polish company GTV to supply kitchen and dressing accessories, enriching the variety of products available to customers.

Strategic Partnerships 2019

we have joined the distribution network of the Turkish company Arkopa in Egypt, which has expanded our market reach and strengthened our presence.

**Strengthening Global
Collaborations 2022**

We partnered with the Indian company Virgo Laminate to acquire the exclusive distribution rights for HPL boards, expanding and diversifying our product portfolio.

Kronospan Executive Project

02

Future Gourmet

Immerse yourselves in a restaurant that offers a visceral experience, merging luxury with the essence of modern life's digital interconnections. Through the synergy between subdued tones, dark stone and marble surfaces with natural veining, resembling circuitry, a visual metaphor for the unseen network that binds us, it celebrates the allure of technology and the sophistication of design.

The result is a space that feels contemplative yet alive with potential, fostering a flow of human engagement.

Get inspired

Make the kitchen the heart of the home, and blend its style with the living room, by using wood and stone designs like

Picasso 02 and Siena

Our designs in the Luxe -high gloss lacquered-, Zénit -supermat lacquered and Synchron -texturised- technology families are available both in panels and in finished pieces, allowing their application in all types of furniture and interior decoration.

Arkopa Executive Project

04

ARKOPA; Creates suitable solutions for different furniture designs with R&D studies. It processes standard models and customised designs with MDF, Particleboard, Plywood, Solid wood and laminates decorative materials such as Acrylic, PVC, PET

GTV Executive Project

05

Kitchen – a heart of a home

The bright, spacious interior is filled with natural light streaming in through the large windows, opening the view of the greenery outside the window.

The kitchen combines modern design with functionality, while giving a warm and friendly atmosphere.

In the centre of the kitchen, attention is drawn to an island equipped with modern, ergonomic AXIS PRO drawer systems that make every detail has its place. Countertops made of dark stone contrast perfectly with white, minimalist cabinet fronts, emphasising the elegance and simplicity of this place.

Virgo Executive Project

06

Every space comes with its own challenges, and Virgo Laminates meets each one with performance you can trust. In busy healthcare environments, Abiotic Laminates (DM 1945 S – Sandal) stop germs before they start.

In modern workspaces, Sambre (DM 1067 S) stands strong through your busiest days.

High-moisture zones stay worry-free with Eiche Sepia (SF 10043 W) offering seamless durability.

Kitchens handle the heat effortlessly with Misty Blue (DM 1018 S). And across every room, one wipe brings back the brilliance.
